

Cir nr. 4746/2018/161

Beirut 7th, November 2018

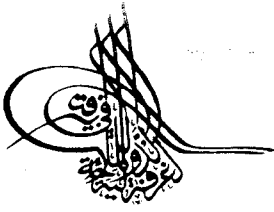

Dear Colleague,

Further to our letter reference nr. 4743/2018/160 dated 1/11/2018, please find attached the free translation of "Port of Beirut" circular ref nr. 4767 dated 31/10/2018, relating to the "Mandatory evacuation of vessels berthing at the Container Quay in Beirut port in windy weather".

Best regards,

President

Elie E. Zakhour

Beirut 31/10/2018

Nr. 4767

Notice

To all shipping agencies dealing with Beirut Container Terminal

Subject: Mandatory evacuation of vessels berthing at the Container Quay in Beirut port in a windy weather.

Referring to the above mentioned subject, and in accordance to Master's responsibility to take all precautionary measures for the safety of workers in the port, vessels, handling equipment and infrastructure,

We confirm the following:

In case the weather becomes windy and with the impossibility to continue the vessel operations, the vessel must evacuate the quay immediately without any prior advice from the Harbor Master or the Operators of the Container Terminal in Beirut Port.

Knowing clearly that the mandatory evacuation in windy weather will not lose the vessel the priority of berth immediately and upon storm ending.

President, General Manager

Hassan Kamel Kraytem
